Emerging Talent Program

Emerging Talent Program

At Regions, the Emerging Talent Program is a career development program designed to refine technical knowledge, enhance personal talents, encourage collaboration and networking and demonstrate Regions values. Entry into the Emerging Talent Program is through either an internship or a full-time, line-of-business-specific development program. Most full-time development program positions will have a one- to two-year rotational aspect.

Regions Bank Partnership Program - Talent Development

Brothers, please read and react to the following information as it provides career opportunities at Regions Bank for undergraduates and recent graduates.

NOTE:

It is imperative that you channel all inquiries and questions to Brother Robert Cunningham (jcsu80@aol.com) and Brother Steven Boyd (slbque@gmail.com) as they will advocate for you and track your progress.

INFORMATION AND ACTION ITEMS:

1)   Link to Regions Bank Emerging Talent program. The front page of the link provides detail on The 6 functional areas for employment the application process and the interview process. There is also a "Career" tab in the upper right corner.

Regions Bank Emerging Talent Program
Web Link:
http://www.regions.com/etp

2) A flyer announcing an upcoming virtual seminar on careers at Regions Bank
 How Regions Can Catapult Your Career:
https://regionstest.webex.com/meet/zia.trone

3) A word document explaining the overall partnership program

4) A link for Brothers to join the Regions Bank Linkedin Page. This page will provide great information on future virtual training programs and connect you to their communication platform.

Regions Bank Emerging Talent Program LinkedIn Group:
